Can Data Be Governed?

Governance controls animate things:

- People
- Processes
- Engines
- Decisions
- Machines

Global Data Protection Regulation

Adopted by the EU, but affects the USA

Key Provisions Put Organizations On Notice

The right to portability

The right to erasure

Privacy First policies for data

Data breach notification: 72 hours!

Data protection impact assessments

Data Protection Officers required for some

International companies implicated

And last but not least: 4% of revenue fine!

Trust Is the Anchor of Every Business!

Gaining a better understanding of data will improve trust, and that will in turn improve your business! Viewing compliance initiatives through the proper lens will not only help achieve desired goals, but it will also foster a culture of data awareness, and that will pay dividends for years to come!
